

## QEP RESOURCES EDUCATION FOUNDATION SCHOLARSHIP

The QEP Resources Education Foundation is proud to offer a \$20,000 four-year college scholarship to an outstanding high school senior who is interested in pursuing a career in the energy industry.

### Applicants must meet ALL of the following criteria:

- Be a U.S. citizen and Louisiana resident
- Graduate from a high school in QEP Resources service area in the spring of 2017
- Minimum 3.0 cumulative high school GPA
- Enrolling full-time (minimum 12 credit hours) at an accredited four-year college or university in the fall of 2017
- Majoring in geoscience, engineering, chemistry, physics or mathematics
- No convictions or fines for substance abuse, misdemeanors, or felonies
- Agree to provide the QEP Resources Education Foundation with a progress report each semester

**NOTE:** Preferential consideration will be given to individuals demonstrating a dedicated pursuit towards a career in the energy industry, as evidenced by involvement in course of study, work and volunteer service or extracurricular activities.

*Employees or directors of the QEP Resources Education Foundation, QEP Resources, Inc. and its subsidiaries, as well as the children and other family members of such employees or directors, are not eligible.*

### Scholarship recipients must continue to meet the following criteria to maintain the scholarship.

The QEP Resources Education Foundation will provide the recipient with a scholarship of \$5,000 per year for four consecutive years provided the following requirements are met:

- Continuous four-year enrollment as a full-time student at an accredited educational institution
- Continue to major in geoscience, engineering (*petroleum, mechanical, chemical, geological or environmental preferred*), chemistry, physics or mathematics and pursuing a career in the energy industry
- Maintain a minimum cumulative GPA of 3.0 on a 4.0 scale
- Maintain “good standing” with the college or university
- No convictions or fines for substance abuse, misdemeanors, or felonies
- Recipient provides the Foundation with a transcript and brief progress report after each semester

### How to Apply

Interested, qualified applicants should complete and submit the application by April 6, 2017. The following items are required as part of the application:

- Application form
- Cover Letter outlining your qualifications, why you want/need the scholarship and why you are interested in working in the energy industry.
- Resume that includes academic success, extra-curricular activities, community service, and work experience
- High school transcript
- Copies of official ACT and/or SAT scores
- Two letters of recommendation (at least one must be from a teacher or staff member of your high school)

**All application materials must be received by April 6, 2017**
